Top JOAD Female Compound Score:	Emma Schaeffer
Top JOAD Male Recurve Score:	Patrick Carmichael
Top JOAD Female Recurve Score:	Olivia Sanborn
Top JOAD Male Barebow Score:	Ian Sondgeroth
Top JOAD Female Barebow Score:	Olivia Artz

Volunteers,

Thank you all so much for helping to put on a 1st class event. The tournament stature is proportional to the effort all of you put forth. CBH, the North Region and archery were all in the spotlight and benefited greatly from this well executed tournament.

Tom Havel has been the engine driving the event. Without his skill and organization the tournament would not be possible.

Tony Kaap was directly responsible for creating and making registration a simple process for archers.

Braniff Kirkpatrick glued every target face. If you've ever done this, you know how time consuming it is. Many thanks Braniff!

Every year we've had the tournament, Tom Harshaw brings and returns extra targets from Wheaton Rifle Club to CBH. Thanks Tom and WRC.

Our set up crew, Dennis Timpanaro, Tom Havel, Jim, McDonough, Greg White, Jim Proszek and Heather Hodge, prepared the field for the weekend. Jim and Tom also took **the field down after the event. It's a big job, but not too big for these folks.**

The kitchen crew has been a year in, year out, standout! Gwen Sanborn, Amy McDonough, John (grill meister) Goldthwaite have been all stars. Newcomers Dave and Kim Schaefer rounded out the team, which has been integral to the event. Given that the shoot lasts 6 or so hours each day, these folks made sure all of us were happy and well fed.

Registration is the first point of contact for incoming shooters and Jill Baus was on hand all day, both Saturday and Sunday, checking in shooters, collecting money, checking scores and making sure score cards were collected. Well done!

We had on course volunteers making sure all groups were properly chaperoned and keeping folks safe in the woods. Jeff Sondgeroth, Matt Carmichael and Steve Ruis, were on point representing both CBH and the tournament.

Noal, Lydia and Betsy Staubus came out on Friday evening and inspected the course, suggesting some changes to enhance safety. Thanks for taking the time team Staubus.

Please fill out 'work hour' slips. Your time and efforts count as required CBH work hours. I'll sign them next time I see you.

I know I will have missed some folks who contributed. Please know your efforts are appreciated even though my memory is weak.
