Overview:

This event is the most complex single line outdoor event ever held by the ITAA. The field took around 14 hours to set up, but the teardown went very quickly with so many helping hands. Morning setup was in a consistent rain which cleared up just as the targets were hung for their practice ends.

The DuPage County Fairgrounds venue provides additional shade tents, a lovely butterfly garden, and the extra adventure of occasional train traffic rolling behind the targets to test the archers' concentration.

A huge benefit to the organizers this year is a new (to us) equipment trailer donated by the Auroraland Archers. This helped us transport and secure equipment more efficiently than ever this year, and it provided a rain-sheltered location for big-screen tv we use to scroll the scores during the event. Thank you to the ALA crew for your generosity and help with that trailer.

The morning 720 Round brought together first-time tournament archers alongside archers heading to Olympic Trials next week. The Chicago Archery Club brought a full busload of archers and families to the event. We hosted archers from five states and Ontario, Canada.

This event is World Archery (Star FITA) sanctioned. Scores shot here are eligible for World Archery Target Award pins. Details are available on the [ITAA website](#).

Illinois Target Archery Association

2019 Outdoor State Championship

Guest Archer Awards

The ITAA enthusiastically welcomes archers from outside of Illinois. Podium awards are presented to all archers regardless of their place of residency. Because we also have the duty to establish state champions, we also present awards among the archers from Illinois.

*Indicates an archer from outside of Illinois.

Tie-Breaking

In the case of a tie score, the winner is determined by the higher number of total 10s, then by the higher number of Xs. If total score, 10s, and Xs are all even, then there is a complete tie.

2019 Outdoor State Championship

Top-8 Shoot Down Results:

The Top-8 Shoot Down comprises the top scorers in five combined categories, shot at the maximum competition distance for each bow type. Archers qualify with their 720 Round scores shot at these distances. 60m recurve qualifying scores were also allowed. Some archers' schedules did not permit them to participate in this later segment of the tournament.
